

"Choose Health Delaware", Delaware's State Innovation Plan which was developed under a planning grant from the Center for Medicare and Medicaid Innovation (CMMI) was the focus of two LWFVNC programs presented in March 2014 by Joann Hasse, LWFVDE Health Care Chair.

Choose Health Delaware, described as a "transformation" of Delaware's health system" was submitted to CMMI in late December, 2013.

Steps toward accomplishing the "Triple Aim"--better health for Delawareans, improving healthcare quality and the patient experience, and lower health care costs--are spelled out in the state's [134-page plan](#).

The [Delaware Health Care Commission](#) website includes presentations made to the Commission and much other information related to health care policy in Delaware.
